MORANBURG.

Pres. Wilson is the merriest man in town. Judge Thomas R. Plister and Burgess Taylor spoke here last Friday night.

T. R. Proctor of Maysville visited relatives on the Creek last Sunday. He also attended church.

Miss Jannie Moran of the Bottom visited her sister, Mrs. Bettie Downing, last Friday and Saturday.

Quite a number of young people visited the sandbar last Sunday evening. They went across almost dry shoed.

Howard Rosser and wife of near Minerva visited the family of "Squire Chamberlain, Mrs. Rosser's father, last Sunday.

Quite a number of our people took in the stock sale at Ripley last Saturday. They report Republicans as thick as fleas over there.

Kerxes Berry of Pleasant Ridge, in the neighborhood of Springdale, was here last Saturday and Sunday visiting Tins Ledger's correspondent.

The fruit tree agents have been making the fall delivery of trees the past few days. It looks like money thrown away to set them out in the dry ground.

According to announcement Elder T. P. Degman commenced his meeting here last Saturday night. He will be assisted this week by Elder C. S. Lucas of Maysville.

John Higgins and W. R. Lloyd, both Democrats, have each put up a calf on the election. Higgins bet his calf against Lloyd's that Harrison will be the next President.

The new organ arrived last Saturday evening for the Christian Church. Miss Nannie Ricketts presides at the instrument, which is pronounced excellent by those who profess to know.

As everybody likes to read THE LEDGER, arrangements have been made with the editor to send extra copies of the paper to the Postoffice at this place daily. One cent a paper is the price.

The work of painting the schoolhouse was begun last Saturday by our teacher Mr. Applegate, but he wants it distinctly understood that he doesn't propose doing it all by any means. Let each one interested lend a helping hand and the work will soon be done.

CHLOROFORM IN TYPHOID FEVER.

A Prominent German Physician's Simple and Successful Treatment.

Dr. P. Werner, physician to the German Hospital at St. Petersburg, has treated with the greatest success, so says *Merk's Bulletin*, one hundred and thirty cases of typhoid fever by using a one per cent. solution of chloroform. In pursuing this form of treatment the author was prompted by the work of Behring on the microbicidal action of chloroform upon the bacillus of typhoid fever, but he was not familiar with the observations of Dr. Stepp of Nuremberg, who, in 1890, successfully administered chloroform in cases of typhoid fever. Dr. Werner employed, as has already been said, a one per cent. solution of chloroform, the patients taking one to

two tablespoonfuls every hour or two, night and day, without interruption, as long as the fever was at its height. As the disease abated, the dose was progressively diminished, although, even after the fever had completely disappeared, the medicine was continued for sometime, several teaspoonfuls being given each day. In all the cases where this treatment was commenced before the tenth day of the disease, the most favorable results were obtained; the patients did not present the regular typhoid condition; the general symptoms were limited to fever, with feebleness and want of appetite; the tongue never got into that coated, dirty and loathsome condition so characteristic of typhoid fever; the thirst, habitually so intense, disappeared in about two days; and the diarrhea and meteorism progressively diminished and soon disappeared altogether. Bed sores were never observed and relapses were very rare. When the treatment with chloroform was commenced late, the disease being already in the third week, such extremely favorable results were not attained; but, even in such cases, the treatment proved very useful and was always well borne. Nevertheless, in four cases Dr. Werner observed a jaundice, which in one instance was sufficiently pronounced to advise a suspension of the medicine. Three of these cases were in children; the fourth occurred in a young man. It might be remarked, in conclusion, that the observations of Dr. Werner agree in every respect with those of Dr. Stepp. The treatment of typhoid fever by chloroform appears to be deserving of the attention of the practitioner, not only on account of its efficacy, which has been proved by two investigators independent of each other, but also because of its great simplicity.

Illinois-Kentucky.

From Danville, Ill., Mrs. H. J. Nabors writes: "I have been using your remedies for scrofula and am greatly benefited. My back was almost one solid sore. Two boxes of Dr. Hale's Household Ointment healed it entirely."

From Olive Hill, Ky., Mrs. M. J. Matney writes May 15th, 1892: "My daughter has been afflicted with erysipelas in her eyes from infancy. She is now past 12 years old and one 25 cent box has cured her." It costs no more to get the best. This is the best ointment in the world for general use. Get a box at Power & Reynolds's drugstore.
